| Manufacturer     | Pass & Seymour/Legrand                                                                                                                                                                                                                                                          |
| Description      | Self-Test Duplex Receptacle, 15 A, 125 V, 2 Poles, #14 to #10 Awg Compatible Wire Size, Control Circuit Actuator, Back and Side Wired Connection, 60 HZ, 1.73 In Width, 4.20 In Height, Thermoplastic Material, Light Almond, 0.025 Sec Trip Time, Weather Resistant, 0.2800 LB |
| Weight per unit  | 0.2750 (lbs/each)                                                                                                                                                                                                                                                               |
| Product Category | Gen Purpose Recept & Surge Pro                                                                                                                                                                                                                                                  |

### Features

|                     |                                           |
|---------------------|-------------------------------------------|
| actuator            | Control Circuit                           |
| amperage rating     | 15                                        |
| connection          | Back and side wire                        |
| indoor/outdoor      | Both                                      |
| interrupt rating    | 4 to 6 mA                                 |
| Mounting Type       | Box                                       |
| Number of Gangs     | 1.0                                       |
| Number of Wires     | 3                                         |
| Outlet Type         | GFCI, Tamper-Resistant, Weather-Resistant |
| Poles               | 2                                         |
| trip range          | 4 to 6 mA                                 |
| Trip Type           | .025 Second Nominal                       |
| Voltage             | 125.0 V                                   |
| Voltage Rating      | 125                                       |
| Wall Plate Included | YES                                       |

### Material, Color, and Finish

|        |       |
|--------|-------|
| Finish | SATIN |
|--------|-------|

### Dimensions and Weight

|        |      |
|--------|------|
| Length | 1.03 |
| Width  | 1.73 |

### Descriptions

|                        |                                          |
