| Features               | The C30CN 30A mechanically held lighting contactors are designed for industrial, commercial and outdoor lighting applications where efficient control is required. The mechanically held operation ensures that the contactor will not switch to OFF during control power failure. It also ensures the removal of coil from the circuit for noise-free operation and the elimination of all coil losses after the contactor is latched. The control module microprocessor validates the control signal before operation, so it |
| Long Description       | Eaton C30CN mechanically held lighting contactor auxiliary contacts, two-pole                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Product Type           | Double-Pole Auxiliary Contact                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Special Features       | Used with C30 Lighting Contactor                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
