extra long description	CRS-H CHICO X6 CHICO X FIBER 8 OZ
Features	Crouse-Hinds series Chico sealing compounds and fiber are used to form a seal around each electrical conductor and between them, and inside of the sealing fitting to restrict the passage of gases, vapors or flames through the sealing fitting. Chico A sealing compound is a water soluble powder that can be easily mixed and poured. The dense compound expands slightly when hardening and bonds to inner walls of sealing fittings. Chico A-P Intrapak is packaged in a two compartment plastic pouch with
