# WIRE MANAGEMENT PRODUCTS-FEATURES

## SOLUTIONS

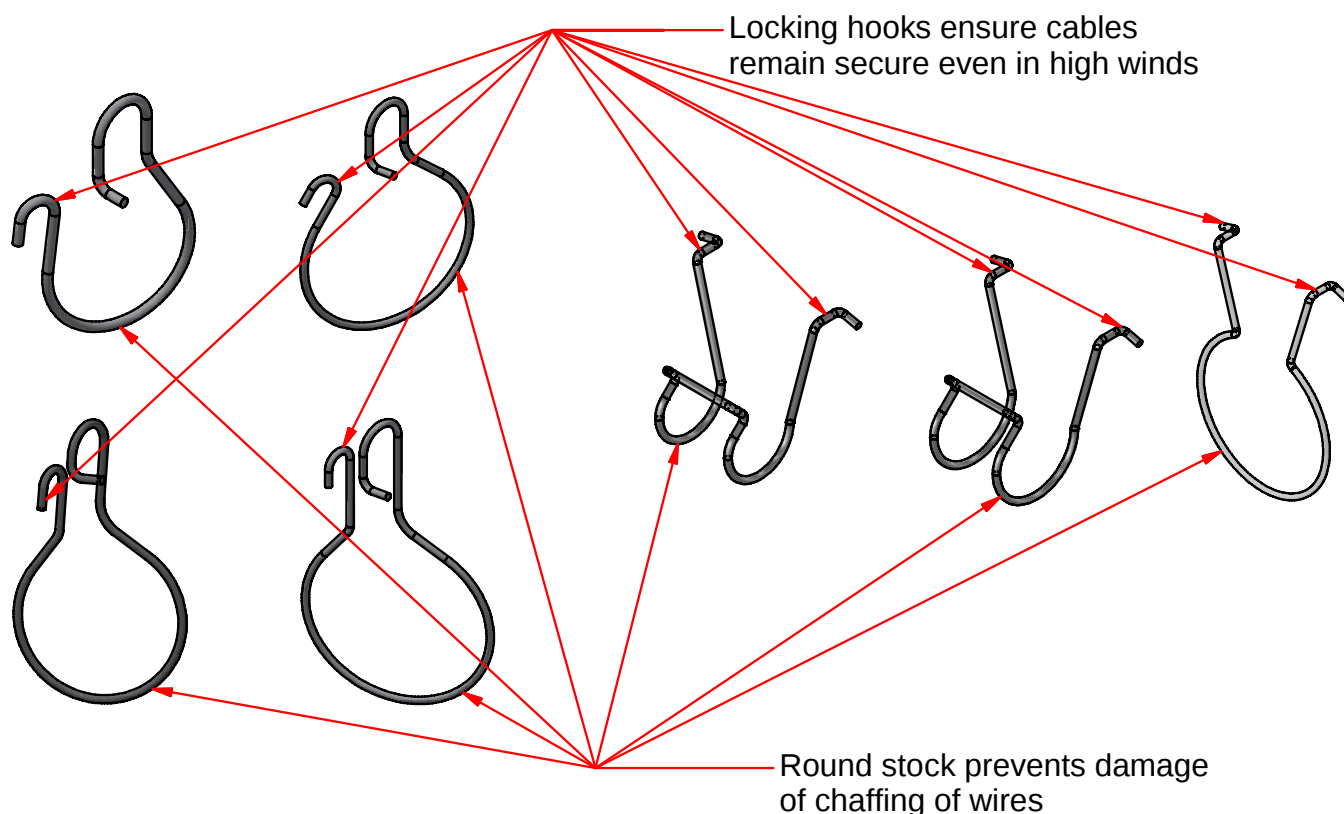

### Hangers:

Engineered for high-quality wire management solutions, "Wiley Cable Hangers, Key Hole Hangers, Fuse holders" simplify wire management and leads to safer and more reliable wiring of the solar PV array.

The hangers and holders are made of corrosion resistant 304 stainless steel or galvanized steel (GS), which makes them a durable, long lasting and reliable solution for all environments.

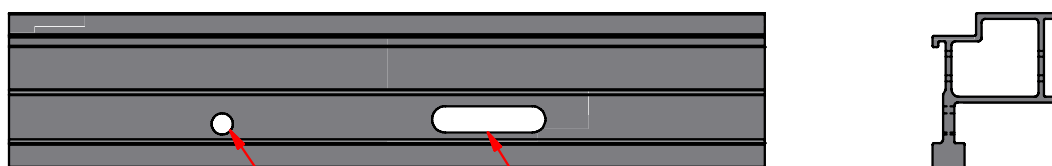

The design is easy to install, no tool is required to install and reusable.

*Custom designs are available upon request. For more information regarding module compatibility, please see the technical documents section of our website.*

## COMPATIBILITY

"Wiley Cable Hangers, Key Hole Hangers, Fuse holders" can be used in both Module Mounting Holes and dedicated Wire Management Holes / Mounting Slots.

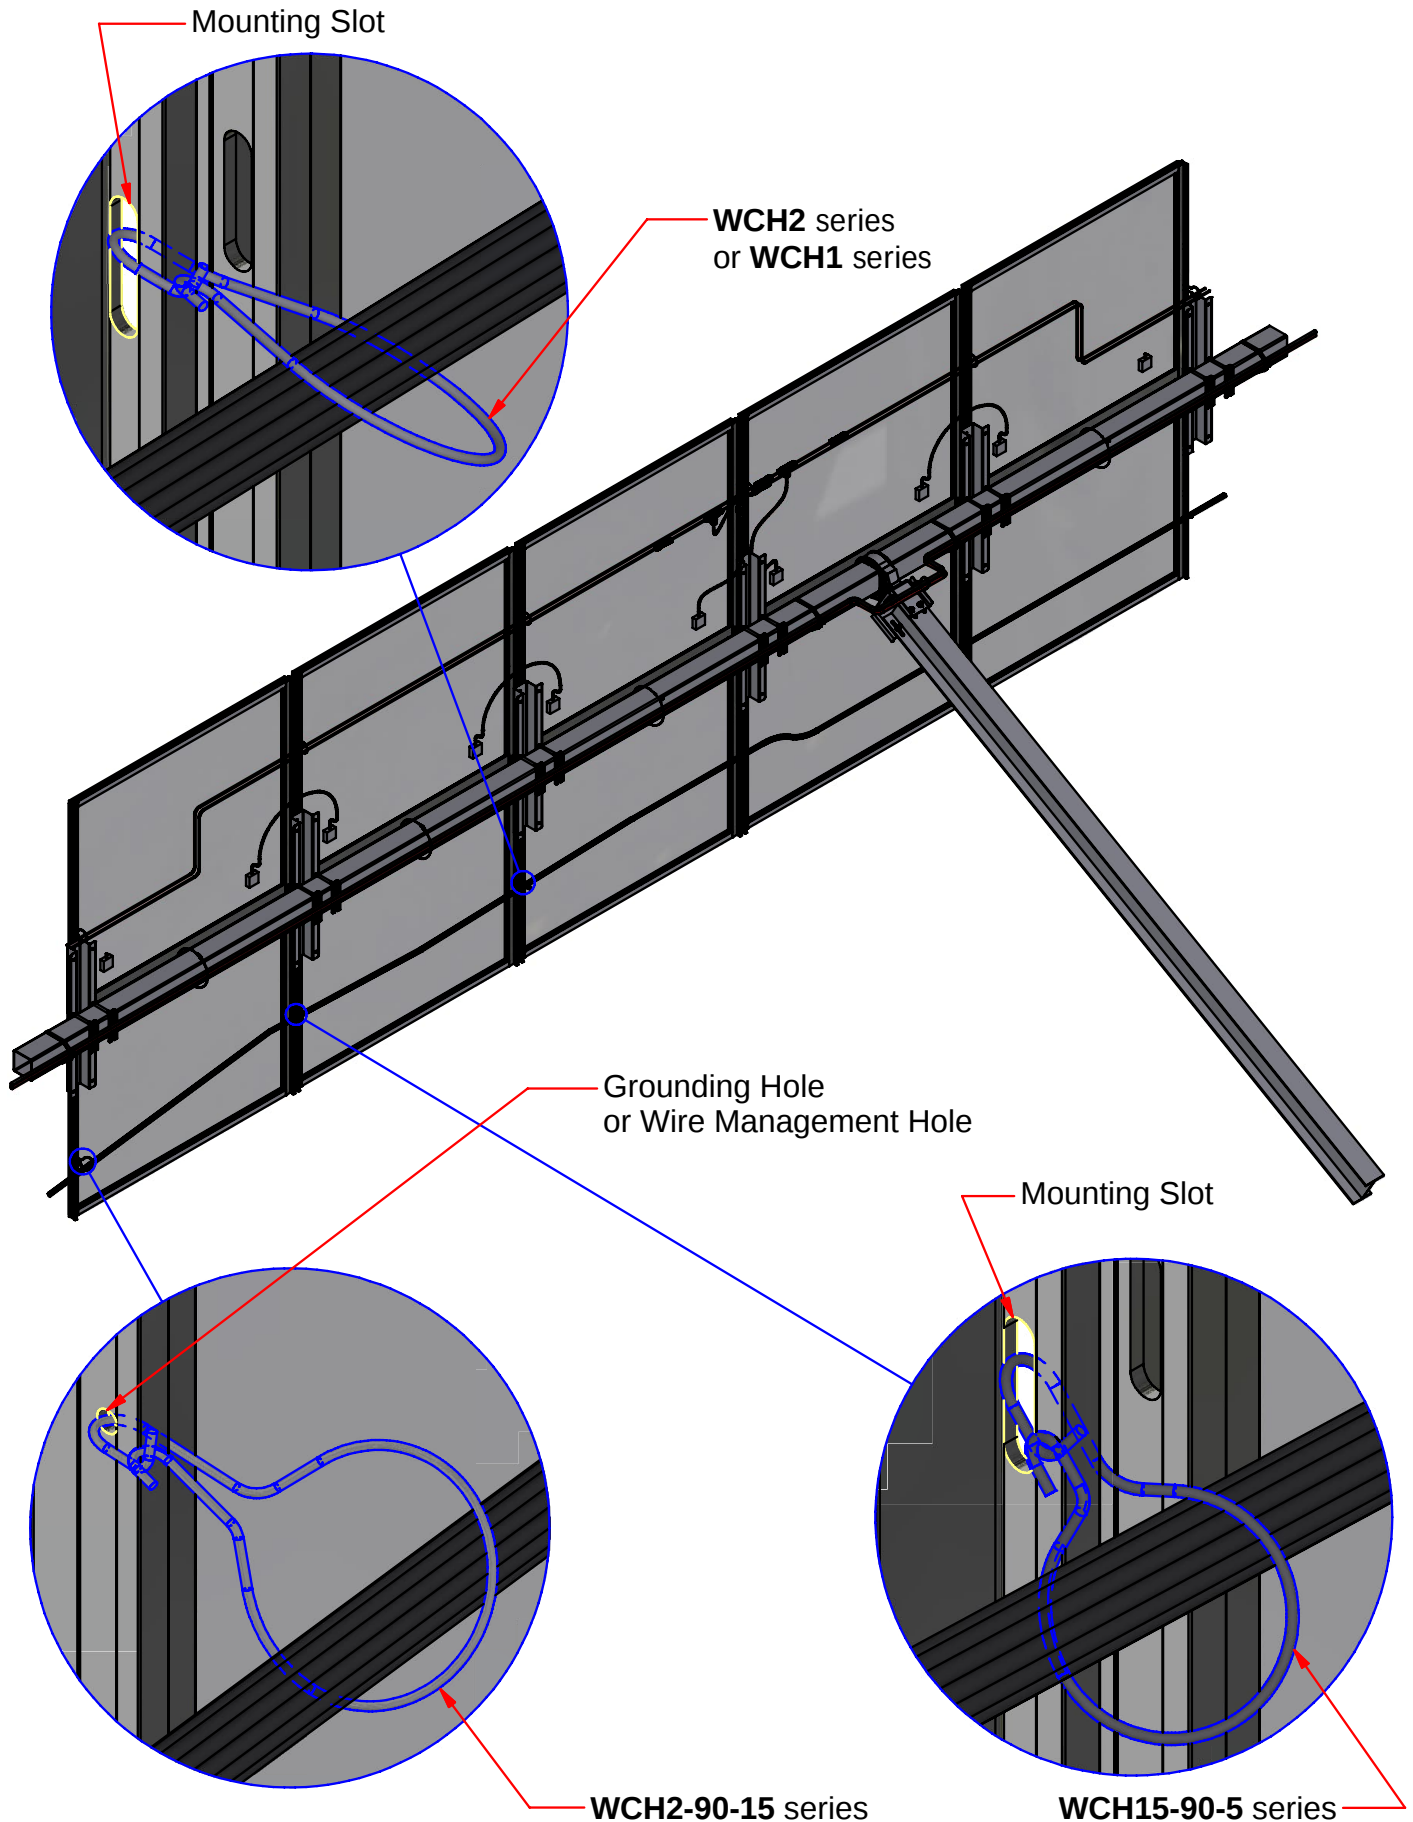

## CABLE TIES (C50PLLC, WBS, WTS, UNIRAP™, NYLON CABLE TIE)

*For information regarding Wiley cable ties, please see the technical documents section of our website.*
