| Features               | The IntelliView series from Eaton is a family of compact, high-performance specialty photoelectric sensors designed to solve a wide array of sensing challenges. IntelliView encompasses a variety of new sensing technologies: color, contrast and luminescence sensing; field-adjustable foreground and background suppression sensing; short-range distance sensing with analog outputs; and long-range, high-precision laser distance sensing with analog outputs. To fit into your application, IntelliView sensors are av |

## Availability

Status ..... Inactive

## Packaging

Carton ..... 1

Weight Per each ..... 0.2

## Uses, Certifications, and Standards

Application ..... Stationary Mach Equip In Factory - Other Stationary Machinery  
and Equipment - In Factory

Operating Temperature ..... -13° to 131°F (-25° to 55°C)

standard ..... Contact Manufacturer
