Descriptions

Description	CLAMPED EBMX3 COMBO-START NEMA 3 & 4
extra long description	CRS-H EBMX3C CLAMPED EBMX3 COMBO ST
Features	One of the biggest challenges with enclosures located in hazardous areas is accessibility. To access internal components for preventative maintenance or troubleshooting, up to 70 bolts have to be loosened and then retightened, leading to extended periods of downtime and safety risks due to improperly torqued or missing bolts. The clamped EBMX enclosure utilizes patented clamping technology to reduce downtime, increase safety and lower maintenance costs.
Long Description	Eaton Crouse-Hinds series clamped EBMXC combination motor starter enclosure, Size 3, Without starter, Copper-free aluminum
Product Type	Clamped EBMX3 Combo Starter Empty Encl
