Descriptions

Description	6X6X24 N1 HC STRT SCT
extra long description	NVENT HOF F66G24 24.00in Straight S
Features	Lay-in Hinged-Cover Type 1 Straight Sections are used for enclosing wire and cable in wireway runs. Sections are completely open on one side so wires and cables can be laid in along wireway run. No pulling through of wires or cables prevents damage to insulation that often occurs in a pull-through wiring system. Sections are available in lengths from 12 inch to 120 inch, with or without knockouts.
