## FRSR2 TD Class RK5 Dual Elem Fuse-Fusetron

*Bussmann Fuses*

|                  |                                                                                                                                                                                       |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog Number   | FRSR2                                                                                                                                                                                 |
| Manufacturer     | Bussmann Fuses                                                                                                                                                                        |
| Description      | Eaton Bussmann Series Class RK5 Fuse, FRS-R, Time-Delay, Dual-Element, Current Limiting Fuse, 2 A, Non-Indicating Fuse, Interrupting Rating Of 200 Ka At 600 Vac and 20 Ka At 300 VDC |
| Weight per unit  | 0.1500 (lbs/each)                                                                                                                                                                     |
| Product Category | Dual Element                                                                                                                                                                          |

### Features

|                  |                                       |
|------------------|---------------------------------------|
| amperage rating  | 2                                     |
| connection       | Ferrule End X Ferrule End             |
| dimensions       | 5.0000 IN X 0.8100 IN X 0.8100 IN     |
| element          | Dual                                  |
| Fuse Class       | Class RK5                             |
| interrupt rating | 200 kAIC at 600 Vac20 kAIC at 300 Vdc |
| media            | Yes                                   |
| Response Time    | 10 S at 500%                          |
| Voltage Rating   | 600 Vac, 300 Vdc                      |

### Dimensions and Weight

|      |                                   |
|------|-----------------------------------|
| Size | 0.81 In Diameter X 5.00 In Length |
|------|-----------------------------------|

| Description            | TD CLASS RK5 DUAL ELEM FUSE-FUSETRON                                                                                                                                                                                                                                                                                                                                                                                                            |
| extra long description | BUSS FRS-R-2 FUSETRON DUAL ELEMENT                                                                                                                                                                                                                                                                                                                                                                                                              |
| Features               | Bussmann's UL Class RK5 Fusetron product offering provides energy efficient advanced protection with its dual-element, time-delay construction and is available with optional open fuse indication on select ratings. Available in both 250Vac and 600Vac, 200kA RMS Sym interrupting rating and sizes ranging from 0 to 600 amp. Fusetron's deliver 10 seconds (minimum) of time-delay at 500 of rated current (8 seconds for 1/10-30A sizes). |
| Long Description       | Eaton Bussmann Series Class RK5 fuse, FRS-R, time-delay, dual-element, current limiting fuse, 2 A, non-indicating fuse, interrupting rating of 200 kA at 600 Vac and 20 kA at 300 Vdc                                                                                                                                                                                                                                                           |
| Product Type           | Fusetron Dual Element Fuse Class RK5                                                                                                                                                                                                                                                                                                                                                                                                            |
| Special Features       | Renewable                                                                                                                                                                                                                                                                                                                                                                                                                                       |
