| Description            | 15A 600V TD DUAL ELEM CLASS J FUSE                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| extra long description | BUSS LPJ-15SP LOW-PEAK CLASS J T/D                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Features               | Bussmann's UL Class J fuse products extend both our Low-Peak family of products with our LPJ_SP and LPJ_SPI dual-element, time-delay fuses as well as our Limitron line offering fast-acting JKS fuses. The LPJ fuses provide industry leading 300,000 amp interrupting rating at 600Vac RMS Sym and 100kA Vdc while delivering a minimum of 10 seconds of 500 percent rated current ride-through performance which is ideal for sizing of high inrush loads. The LPJ products are available with optional permanent replace fu |
| Long Description       | Eaton Bussmann Series Class J fuse, LPJ, time-delay, dual-element current limiting fuse, 15 A, non-indicating fuse, interrupting rating of 300 kA at 600 Vac and 100 kA at 300 Vdc                                                                                                                                                                                                                                                                                                                                              |
| Product Type           | Low-Peak Class J T/D                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Special Features       | Non-indicating, High in-rush current motor protection                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
