| Long Description | 2 x 3 Inches Duct Spacer, High Impact Polystyrene Snap-Loc Base Spacer For Use With Nonmetallic Ducts |
| Product Type | 2 Inch X 3 Inch Base Spacer |
| Special Features | Side dovetail rail and groove design allows for side by side interchangeability of conduit spacer sizes while maintaining horizontal stability. Locking keyways incorporated into intermediate spacers eliminate the need for costly top spacers in each size. They provide for the use of a beaded strap that helps secure the top section of conduit. 1 and 2 inches Snap Loc reducers allow fixturing of 1 or 2 inches conduit inside larger spacers. The Snap Loc rebar holder helps provide stabilization on large banks o |
