

WIREMOLD° Plugmold° Multioutlet Systems

Plugmold systems are available in a variety of colors and configurations.

Plugmold® Raceway & Multioutlet Assemblies

Plugmold Multioutlet Systems are available in a wide variety of lengths and fittings and in a variety of finishes to provide versatile solutions for many applications. Plugmold options include single or alternating circuits, standard or isolated ground receptacles, GFCI protection, tamper-resistant protection, USB charging, Snapicoil harnesses of prewired receptacles, and cord-ended units.

Plugmold* Multioutlet Systems are available in black or ivory ScuffCoat* finish, painted white or gray enamel steel, stylish stainless steel, anodized aluminum and durable textured ivory nonmetallic. The painted steel product works with many types of decor and is paintable to integrate with most color schemes. Durable stainless steel and anodized aluminum Plugmold products are corrosion-resistant, making them ideal for labs.

PRODUCTS: PLUGMOLD 2000 SERIES, 2400 SERIES, AL2000 SERIES, NM2000 SERIES, NM2400 SERIES

Features & Benefits

- Compact, low profile appearance. Enhanced aesthetics and ideal for installations within minimal spaces.
- Multiple finishes. Choose from black or ivory ScuffCoat, white or gray painted enamel or durable stainless steel finishes.
- USB Charging. Available with dual-port USB-A modules, sharing 2.4 amps of charging capacity and single-port USB-C module with 30W Power Delivery.
- Tamper-resistance protection. Prevents the accidental insertion of foreign objects into receptacles reducing the risk of shocks or electrocution. Meets 2014 NEC section 406 requirements.
- Single, alternating circuit, and isolated ground wiring options available. Wiring options to meet virtually any job or environment requirement.
- Variety of lengths. Installed power and USB charging in multiple lengths to meet space and location requirements.

- Full range of fittings. Provide flexibility for multiple installation options or integrations with 2000 or 2400 Series Raceway systems.
- Snapicoil harnesses with different lengths and receptacle spacing. Custom solution available for large or specific use electrical installations.
- Customization available. Plugmold products can be modified to accommodate virtually any application or aesthetic need.
- Receptacle spacing options. Select the right configuration for your application.
- cULus Listed. Safety and reliability in the applications.

Plugmold 2000 Series Steel Multioutlet Systems Ordering Information

NOTE: Color codes: "V" for Ivory ScuffCoat" finish, "BK" for Black ScuffCoat" finish, "G" for Gray enamel finish, "WH" for white enamel finish, and "S" for stainless steel. Receptacle colors match extrusion colors except for stainless steel which has black receptacles.

^{*} All 2000 Series Plugmold products include two (2) 2010B Blank End Fittings and one (1) 2001 Base Coupling unless otherwise indicated in the product desciption.

Steel Plugmold[®] Multioutlet Systems

Steel Plugmold Multioutlet Systems are available in a wide range of lengths and finishes to provide a versatile solution for many applications. Options include versions with single or alternating circuits, standard receptacles, Snapicoil harnesses of prewired receptacles, USB charging options, GFCI protection, tamper-resistance, plug-in and cord-ended units.

Steel Plugmold Multioutlet Systems are available in black or ivory ScuffCoat finish, painted white or gray enamel finish, or stylish stainless steel. The enamel finishes work with many types of decor or can be painted to blend with most color schemes. Stainless steel Plugmold raceway is both durable and aesthetically pleasing.

Steel Plugmold systems are available in a variety of colors and configurations.

Plugmold 2000 Series Steel Multioutlet Systems

Plugmold 2000 Series Wire Fill Capacities for Power								
CABLE	WIRE SIZE	О.	D.	NO. OF CONDUCTORS (40% FILL)				
TYPE	THHN/THWN	Inches	(mm)	2000

POWER WIRING WITH DEVICES (Plugmold Series)	12 AWG 14 AWG	0.122 0.105	(3.1) (2.7)	5** 5**				

^{*}Wire capacity limited to maximum of seven conductors due to .025" (.6mm) material thickness of cover.

^{**}Including one hot, neutral, and ground wire from the receptacle.

Steel Plugmold Multioutlet Systems are ideal for use in homes, dormitories and office applications, anywhere convenient access to power or USB charging is needed.

Plugmold Multioutlet Systems

Plugmold 2000 Series Steel Multioutlet Systems Ordering Information

Plugmold 2000 Series Wiring Configurations

GB Series:

3-wire, #12 THHN (1 hot,1 neutral and 1 ground), 1 circuit; has insulated grounding conductor.

GBA Series:

4-wire, #12 THHN (2 hot, 1 neutral and 1 ground), 2 circuit; outlets wired alternately; has insulated grounding conductor.

GB Series:

3-wire, #12 THHN (1 hot, 1 neutral and 1 ground), 1 circuit; has insulated grounding conductor.

GBA Series:

4-wire, #12 THHN (2 hot, 1 neutral and 1 ground), 2 circuit; outlets wired alternately; has insulated grounding conductor.

NOTE: SNAPICOIL REELS on custom order. Snapicoil harness is available on reels if lengths greater than 50' are needed, or if multiple lengths are required for production-type jobs. The maximum length per reel is 240' for Snapicoil with outlets 12" and 18" on centers; 500' with outlets 30" on center. Packaging includes the necessary number of lengths of base, holecut cover, wire clips, and couplings for complete installation. Price and delivery information should be obtained prior to specifying or ordering. To specify or order, add "R" to the Snapicoil number. Ex: V20GB12R. Other outlet spacings available on custom order.

Receptacles are made from high impact thermoplastic. Snapicoil packaging includes the necessary lengths of 2000B Base, 2000C Hole Cut Cover, 2000WC Wire Clips, and 2001 Couplings for complete installation.

CUSTOM PLUGMOLD

Plugmold is one of our most frequently requested custom products. From airports, to trains, to classrooms, dormitories or residences, anywhere multiple access to power or USB charging is needed. Custom receptacle spacing options, custom colors, wiring modifications, or any number of custom configurations are available for special applications. Contact the factory to discuss our capabilities and why Plugmold is often the best option for locations requiring multiple access to power or USB charging.

Aluminum Plugmold[®] Multioutlet Systems

Aluminum Plugmold Multioutlet Systems offer an attractive choice for hospital and commercial labs, as well as for residential applications. The durable finish offers both aesthetics and corrosion resistance. Aluminum Plugmold Series is available in single and alternating circuits, with standard or isolated ground tamper-resistant receptacles. It can also be customized to meet virtually any job requirement.

The durable corrosion-resistant finish of Aluminum Plugmold Series makes it an ideal solution for use in laboratories.

Nonmetallic Plugmold[®] Multioutlet Assemblies

Nonmetallic Plugmold Mulitoutlet Systems provides a versatile solution for many applications. Plugmold sections offer single or alternating circuits, standard or isolated ground receptacles, and Snapicoil* harnesses of prewired receptacles or cord ended units.

Nonmetallic Plugmold has a textured ivory finish with duplex receptacles, and can be customized to accommodate virtually any application.

Nonmetallic Plugmold Multioutlet Systems are available in a variety of configurations.

IOTE: NM2000 Series Nonmetallic Plugmold products are available in an ivory finish with ivory receptacles.

* All NM2000 Series Plugmold products include two (2) NM2010B Blank End Fittings unless otherwise indicated in the product desciption.

	Plugmold NM2000 Series Raceway Wiring Configurations											
			With Sn	apicoil								
GB Series: 3-wire, #12 THHN (1 hot, 1 neutral and 1 ground), 1 circuit; has insulated grounding conductor.	GBA Series: 4-wire, #12 THHN (2 hot, 1 neutral and 1 ground), 2 circuit; outlets wired alternately; has insulated grounding conductor.	IG Series: 3-wire, #12 THHN (1 hot, 1 neutral and 1 ground), 1 circuit; has insulated-isolated grounding conductor. Orange receptacles.	GB Series: 3-wire, #12 THHN (1 hot, 1 neutral and 1 ground), 1 circuit; has insulated grounding conductor.	GBA Series: 4-wire, #12 THHN (2 hot, 1 neutral and 1 ground), 2 circuit; outlets wired alternately; has insulated grounding conductor.								

NOTE: SNAPICOIL REELS on custom order. Snapicoil harness is available on reels if lengths greater than 50' are needed, or if multiple lengths are required for production-type jobs. The maximum length per reel is 240' for Snapicoil with outlets 12" and 18" on centers; 500' with outlets 30" on center. Packaging includes the necessary number of lengths of base, holecut cover, wire clips, and couplings for complete installation. Price and delivery information should be obtained prior to specifying or ordering. To specify or order, add "R" to the Snapicoil number. Ex: NM20GB12R. Other outlet spacings available on custom order.

Receptacles are made from high impact thermoplastic. Snapicoil packaging includes the necessary lengths of NM2000B Base, NM2000C Hole Cut Cover, NM2000WC Wire Clips, and NM2001 Couplings for complete installation.

NM2003

Supporting Clip - Mount to surface with No. 8 flathead screw. Use with NM2000 Series.

Country of Origin: USA

W30/W30G

Pressure-Type Wire Connectors -W30 - For common connection of two, three, or four No. 12 or No.14 solid copper conductors (White). W30G - For connection of equipment grounding of 2, 3, or 4 solid conductors No. 14 or No. 12 AWG (Green). 300V maximum; 20A 105° C maximum.

Country of Origin: USA

NOTE: Not for use with aluminum conductors.

NM2006

Cover Clip - For covering joint where lengths of NM2000 Series cover or base adjoin. Use with NM2000 Series.

Country of Origin: USA

NM2010A

Entrance End - Has 1/2" trade size KO on end and bottom. Use with NM2000 Series.

Country of Origin: USA

NM2010B

Blank End Fitting - Use with NM2000 Series.

Country of Origin: USA

NM2011

NM2015

Tee - For branches at right angles.

Country of Origin: USA 4 1/2" (114mm) 15/16 (33mm) 17/8 (48mm)

NM2017

Internal Elbow - For right turns at inside corners.

Country of Origin: USA

NM2018

External Elbow - Used for making 90° turns at outside corners.

NM2000 Series fittings work with both NM20 (15A) and NM24 (20A) Plugmold Multioutlet Systems.
