

radiant Collection
radiant® Easy 3-Way Switch Kit, White
Part No. WNREZK10WH

This kit uses a wireless switch to easily add control of a light or fixture from a second location, even in rooms or locations currently without 3-way wiring. Simply replace the existing light switch with the kit's radiant® Switch (wired), then use the included battery-powered radiant® Wireless Switch to add another point of control wherever it is desired. The Wireless Switch mounts to any wall or surface – without cutting, wiring or tools – using the provided adhesive. The kit's devices come pre-paired to enable multi-location control in seconds. Want app control? These devices are equipped for enhanced functionality. Simply add a Smart Gateway with Netatmo and use the Legrand Home + Away app to control your lights from anywhere (and much more). For more information visit www.legrand.us/addappcontrol. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Uses wireless switch to easily add control of a light from a second location. Ready to install, no configuration needed.

First Switch (Wired) Installation: Replaces any standard (wired) switch in as little as 15 minutes. Second Switch (Wireless) Installation: Mounts to any wall for long-lasting, battery-powered control.

Add a Smart Gateway with Netatmo to control lights via app, connect to other smart products and more. Screwless Wall Plates included. Coordinate with other designer switches and outlets from the radiant® Collection for a cohesive, sophisticated look.

Specifications

General Info

Product Line	Pass & Seymour	Color	White
Finish	Matte	UPC Number	785007442670
Country Of Origin	China	Material	Polycarbonate
Number of Switches	1	Works With	Netatmo
Application Sector	Commercial, Multi-Dwelling Unit, Residential	Wall Plate Included	No
Standard	RoHS, FCC, cULus	Warranty Type	1-Year
Type	Kit, Switch		

Listing Agencies / 3rd Party Agencies

cULus Listed	Yes	FCC Compliant	Yes
--------------	-----	---------------	-----

Additional Information

RoHS Compliant	Yes	Product Has Potential to Contribute to LEED	Yes
----------------	-----	---	-----

Technical Information

Seismic Tested	No	Connection Location	Back and Side
----------------	----	---------------------	---------------

Connection	Wired, Wireless	Amperage	15 A
------------	-----------------	----------	------

Number of Poles	3-Way, Multi-Location	Indoor/Outdoor	Indoor
-----------------	-----------------------	----------------	--------

Wire Connection Type	Push Wire, Wire Terminal	Environmental Conditions	95% (relative humidity, non-condensing)
----------------------	--------------------------	--------------------------	---
